

ATTENTION:

Town Square Family Foot Care PC will be closing on January 31, 2025.

Dr. Scholz has accepted a position as a Podiatrist in the Department of Orthopedics and Rehabilitation at University of Iowa Health Care starting in February.

Dr. Scholz will not be able to take any **nail or callus care** patients with her. If you are scheduled for nail and/or callus care after this closing date, your appointment will be cancelled.

Those of you wishing to make a new appointment after January 31, 2025, can contact the Department of Orthopedics to schedule.

Medical records will be transferred to the university automatically.

If you would like to have your records sent to another provider, or to you personally, please submit a record release form found on our website (www.341foot.com) via mail, fax, or in-person. The office can also email a blank form to you.

Patients who are on chronic medications prescribed by Dr. Scholz will continue to have them prescribed through her new position at UIHC. If you would prefer, these can be transferred to your primary care provider who can continue to prescribe them for you.

After January 31, 2025, we will not be selling the premium Powerstep Inserts. We will be open normal business hours during January, if you need a replacement pair.
